To whom it may concern

My name is Jacqueline Van der merwe and i live in Umtata

I strongly suggest this course, not only did i learn so much i had great fun doing it.

I sent Lynne an email requesting information on the course.Lynne replied a day later with all the information i needed.

I payed my money into the account and with-in 3 days i received my package (that's through Courier service we have a terrible post office). During my course if i came to a patch where i was unsure i would email Lynne and with-in a day it was sorted.

The course itself is very easy to follow and the best advice i can give you is "**think before you write**"

Regards
